Golden Eagle Golf Club's Covid-19 Update

Golden Eagle Golf Club's highest responsibility is the health and safety of our guests and employees. Coronavirus is a fluid situation and we are following direction from Health Canada and adjusting our operations to reflect best practices within the hospitality industry. Our team is monitoring COVID-19 developments closely and ownership has implemented a digital employee portal that includes the most current safety policies, procedures and live global updates.

With direction from Health Canada we have made the difficult decision to suspend operations at Golden Eagle Golf Club effective end of day Monday, March 23, 2020. The property will be fully closed, and no members, guests or public are to access the golf course and property during the closure. At this point in time we do not have a date of when we will re-open the operation. We will continue to update our status through social media, website and email.

We will continue to do our part to help stop the spread of Covid-19 and appreciate the support of Members, Guests and Staff during this challenging time.

Sincerely,

The Golden Eagle Team
